## Equalization Is A Striving For Fair Taxation

LANSING (AP) — When the State Tax Commission announced its preliminary 1966 equalization figures recently, many property owners shrugged and asked, "but what's that mean to me?"

Basically, the three-step equalization process means that you pay your fair share of property taxes — no inequitable burden, no undeserved advantage.

Michigan's new Constitution requires all property to be as-

### New Service

This is the first of a new Associated Press series from Lansing called "Capital Background" which will be published by the Escanaba Daily Press each Monday.

It will spotlight some facet of state government which has made news in the week and provide a complete explanation and background that day-to-day reporting of breaking news does not permit.

This first "Capital Background" column deals with tax equalization.

essed — that is, evaluated for taxing purposes — at one-half its true cash value.

But with 1800 taxing units involved and a history of varied assessing practices, Tax Commission Chairman Robert Purnell estimates it will be the mid-1970's before every piece of property is initially assessed at the one-half rate.

Meanwhile, equalization does the job of striving for fair taxation.

The process begins with a local assessor who periodically inspects your property. The law says he should do it annually, but few can maintain that schedule.

**Assessment Varies**  
The history of varying assessments means that in some areas, the assessment may be as low as 10 or 15 per cent of the true cash value. In others, it's an up-to-date 50 per cent. The local assessor must use the same percentage throughout his district.

County supervisors then examine the assessments in each unit of the county and equalize the assessments.

Why?  
Because taxes are collected on a basis of so many dollars in taxes for so many thousand dollars of valuation. It wouldn't be fair if your \$20,000 house was assessed at 50 per cent of value, or \$10,000, and an identical house elsewhere in the county was assessed at only 25 per cent, or \$5,000.

With a fixed county tax rate, that would mean the other fellow would be paying only half as much tax as you despite

LISTENING WITH serious intentness, Astronauts Thomas P. Stafford, left, and Eugene A. Cernan go through final mission review today at Cape Kennedy, Fla., where they will blast off in their Gemini 9 spacecraft tomorrow. The two will stage a rendezvous and space walk mission which Stafford, command pilot of the space flight terms "the most complex and sophisticated" manned space journey yet. (AP Wirephoto)

## Astronauts Bone Up On Space Adventure

CAPE KENNEDY, Fla. (AP) — Healthy and eager on the eve of a bold space adventure, Gemini 9's two astronauts boned up on intricate details of their complex assignment today as preparations for Tuesday's launch continued.

Air Force Lt. Col. Thomas P. Stafford and Navy Lt. Cmdr. Eugene A. Cernan have "the toughest job ever handed an astronaut crew," one official said.

A minor weather threat dissipated today and meteorologists forecast satisfactory conditions at Cape Kennedy and in recovery areas around the world for Tuesday.

Stafford and Cernan are to blast off at 12:39 p.m. EDT, an hour and 39 minutes after the scheduled liftoff of their Agena target rocket.

Stafford and Cernan planned to discuss their flight plan for the final time with project officials. Sunday, they got their final day of rest before their voyage.

In three action-packed days, the Gemini 9 crew plans to catch and latch on to an Agena rocket in the quickest rendezvous ever in space, conduct man's longest orbital walk, and try tricky rendezvous exercises

## Sweet Potato, Year Product

LANSING (AP) — Gerber Products Co.'s successful introduction of the sweet potato to Michigan was judged today the major agricultural development of 1965.

The Fremont baby-food processing firm was cited for its successful nine-year effort to grow sweet potatoes in south-west Michigan, said Judd Perkins, chairman of the Michigan Sweet Potato and Agricultural Awards Committee.

Gov. George Romney was to reveal the winner of the companion product-of-the-year award in Detroit tonight.

Judges in the agricultural-development runoff were Milton Grinnell of East Lansing, editor emeritus of the Michigan Farmer; Donald L. Eppelheimer, a Niles bank official, and Forrest Strand, agricultural representative of the Greater Detroit Board of Commerce.

Sweet potatoes, which originated in South America, require a four-month growing season and 40 inches of rain a year. Most of the U.S. crop currently comes from the Southeast.

## Manistee Gleans 500 Bottles In Each Road Mile

MANISTEE (AP) — Manistee County is 127,000 bottles and cans cleaner today.

And residents who picked up the trash from 125 miles of roadway are \$517 richer.

A committee of civic leaders put a half cent reward on every bottle and can taken from a roadside and brought to a downtown parking lot.

Residents of the county in northwestern lower Michigan dumped the refuse for six hours Saturday. It was piled as much as seven feet high in the parking lot.

"One woman must have brought better than 7,000 bottles; she had five kids with her," said William J. Henry, secretary of the Tuesday Committee, sponsor of the cleanup.

"They dragged them in boxes, they brought them in wheelbarrows, they hauled them in station wagons and they gathered them in a wagon pulled by a horse," Henry said.

Men from the Junior Chamber of Commerce stood guard at the Manistee dump to prevent anybody from trying to retrieve and cash in bottles and cans already thrown in the proper place.

The Jaycees counted the bottles and cans—children brought about 80 per cent of them—and paid out the money.

"Every body had a lot of fun," said Henry, general manager of the Manistee News-Advertiser, which publicized the cleanup campaign. "I went to the bank three times for money" to pay the bottle and can collectors.

He said "As near as we can tell, to any given mile of roadway in Manistee County there were 500 cans and bottles."

The figure was obtained by checking a number of bottle pickers who used odometers to measure the distance they traveled while picking up the refuse.

## Long Wait For Gifts To Pay National Debt

WASHINGTON (AP) — Uncle Sam will have a long wait if he expects to pay off the national debt with gifts from the citizenry.

A special fund set up by Congress to receive debt-retiring gifts is almost five years old and it still hasn't collected its first million dollars.

The debt, however, has shot up by \$30 billion during the same period to its present \$320 billion.

The fund isn't designed to retire the entire debt, but it does afford a convenient spot for donors who want to do something about the high cost of government.

Treasury Department officials said today more than \$815,000 had been contributed to the fund through April 30.

Before the fund was established, the department merely tossed into the general fund any contributions it received earmarked for debt retirement.

The reasoning was that this increased the budget surplus and reduced the deficit. The Treasury had no authority to earmark any contributions to debt retirement until June 27, 1961 when President John F. Kennedy signed a bill creating the special debt account. It was sponsored by Rep. Charles E. Bennett, D-Fla., who deposited the first gift, a \$1,000 check.

In its first year, the trust received less than \$10,000, but Treasury officials estimate it will produce about \$100,000 yearly from now on.

Asked what the posture of the U.S. government is in the light of what is happening in Viet Nam now, Movers told reporters, "I wouldn't want to characterize it."

WASHINGTON (AP) — Pres-

ident Johnson called top military and diplomatic advisers to an afternoon session today to go over Vietnamese crisis develop-

ing over Premier Nguyen Cao Ky's crackdown on Buddhist dissidents.

Ky's action took Washington by surprise. The State Department said there was no advance notification to the United States.

The administration ordered American officials to use all possible efforts to bring together the rival South Vietnamese factions.

White House press secretary Bill D. Moyers said Johnson would be seeing his ambassador to Viet Nam, Henry Cabot Lodge, and Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara during the afternoon.

Moyers said the session has been on the books since last Thursday, one of a series involving these key men.

Asked what the posture of the U.S. government is in the light of what is happening in Viet Nam now, Movers told reporters, "I wouldn't want to characterize it."

## U.S. Prepares New Electronic Data System

WASHINGTON (AP) — The government is cranking up a new kind of clearinghouse for educational research information, using the most advanced electronics to make the data available to all.

The system, called ERIC, for Educational Research Information Center, will rely on 12 specialized clearinghouses around the country to judge the material in each of a dozen fields. Information from the clearinghouses will be fed into the U. S. Office of Education in Washington for centralized indexing.

Two of these clearinghouses already are in operation. One covers vocational and technical education at Ohio State University and another deals with preparation of school personnel, located at City University of New York. All 12 are expected to be operating by September and in full swing by 1967 — at a cost of about \$2 million.

Lee G. Burchinal, in charge of ERIC, said each of the clearinghouses will be manned by two kinds of experts — experts in the subject matter involved and experts in the modern techniques of information retrieval.

They will identify the worthwhile research papers in their fields and submit resumes to ERIC in Washington. There they will be catalogued and publicized throughout the education community in periodic bulletins and indexes.

Thus a valuable collection of documents on teaching the children of migrant farm workers at remote Adams State College of Colorado will become available to everyone in the country dealing with the problem.

The documents themselves will be stored on "microfilm," a French technique that literally means microcard. A hundred pages of reading matter can be condensed to two small "microfilm" films about the size of a postcard.

When a request for a research paper comes in it will be referred to the Educational Document Reproduction Service, run on contract by a private company in Cleveland, Ohio and furnished for nominal cost.

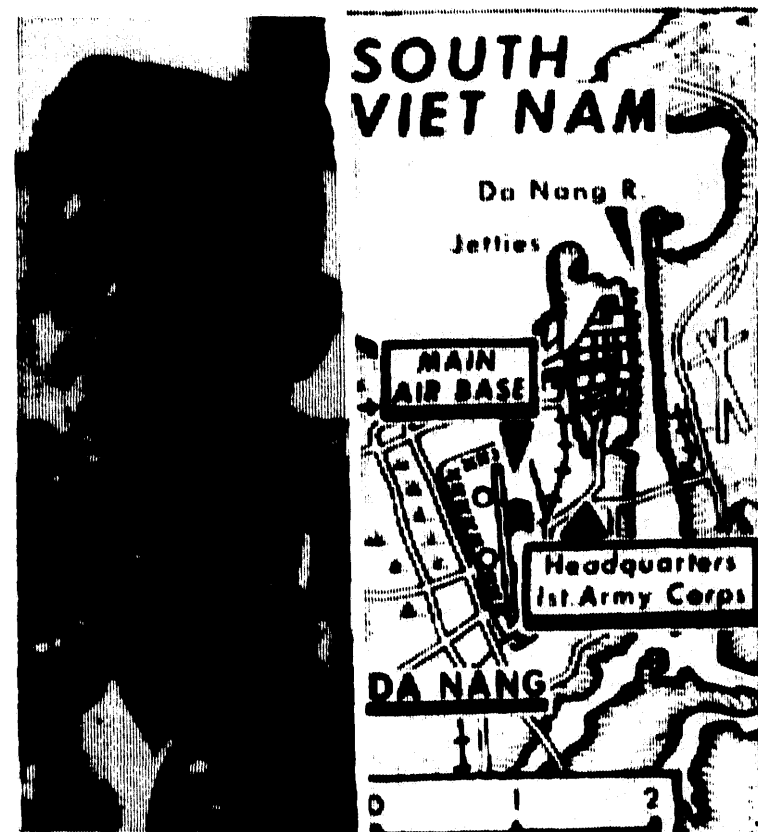

## Shade Gap Hunt Yields No Clues To Missing Girl

SHADE GAP, Pa. (AP) — A massive search through the woods and hills for a 17-year-old schoolgirl and the mysterious rifleman who abducted her last week has ended without results.

State police said Sunday night they would maintain their command post located in a picnic grove, and continue interviewing residents, but the foot-by-foot search would be abandoned.

The girl, Peggy Ann Brannick, was abducted last Wednesday as she and her five younger brothers and sisters were walking home from school.

Her abductor, police think, is the mysterious "Mountain Man" accused of several sniper shootings in the area in the past two years.

## Mansfield Asks Yank European Forces Be Cut

WASHINGTON (AP) — Sen. Mike Mansfield proposed today that the United States withdraw all but a token force of U. S. troops from Europe as part of the realignment of North Atlantic Treaty Organization defenses.

## Battle Certain On \$4.2 Billion Financing Bill

WASHINGTON (AP) — The administration opens today what could be one of the grimmest fights of the Congress — to enact a \$4.2-billion financing program that could make the difference between a nearly balanced budget next year and one \$6 billion in the red.

The bill comes before the House today with a vote expected Tuesday. It would permit the government to shift government loans to private investors by putting them in a pool and selling shares in this. Thus the government could convert such assets into cash for use by its agencies, avoiding the need for appropriations.

Republicans have called it a budget gimmick to conceal the amount of government spending. Other opponents — including the Farmers Union and the Americans for Democratic Action — say it would cost the taxpayers more in interest than straight Treasury borrowing.

As soon as the financing measure is disposed of, the House is scheduled to start debating another highly controversial piece of legislation to increase minimum wages.

The measure would increase the minimum wage from the present \$1.25 an hour to \$1.40 next Feb. 1 and \$1.60 an hour a year later.

The measure also would extend coverage of the act to 7.2 million additional workers. A major fight is expected on proposed inclusion of farm workers.

The bill's sponsors say they have enough votes for House passage. The Johnson administration has called for improvements in the minimum wage, without spelling out details.

The Senate, with a relatively quiet week in view, is expected to take up a \$5-billion National Aeronautics and Space Administration authorization bill.

Its Foreign Relations Committee may begin voting on details of a \$3.4-billion foreign aid bill which has provided a platform for debate on foreign policy in general. It also is scheduled to consider further proposals for tighter congressional supervision of the Central Intelligence Agency and other intelligence agencies.

## Top Buddhists Demand Ky Pull Out In Da Nang

SAIGON, South Viet Nam (AP) — The Buddhist leadership demanded tonight that Premier Nguyen Cao Ky's military regime pull its troops out of Da Nang where they have taken control of the city's key centers in an attempt to bring dissident northern provinces back under Saigon's authority.

But the gulf between the North and Saigon appeared to deepen. The new crisis cut into the war effort against the Communists and threatened plans for civilian elections in the fall.

Buddhists in Saigon announced that "all monks" are ready to die for their cause. Their spokesman, Thien Minh, charged in an emotional speech that "there is a plot to assassinate all Buddhists."

In Da Nang, where an uneasy calm prevailed throughout the day, Buddhist supporters piled firewood in apparent preparation for threatened immolation by monks.

**Want Civil Rule**  
Minh demanded the government withdraw its troops from the North and "find an immediate solution" to restore civilian rule.

Minh said there were eight killed, 32 wounded and 12 arrested in Sunday's Da Nang fighting. There was no official confirmation. Other reports said five were killed.

In Saigon, Viet Cong terrorists capitalized on the new civil strife by attacking four police points in the capital's suburbs, apparently in a drive to spread the disorders. The capital itself was hit by the first phases of a strike that hit mostly at public transportation and port facilities. It threatened the city's electric power and water supplies.

Ky fired his military commander in the northern provinces, Gen. Ton That Dinh, because he protested the government decision to send troops secretly to Da Nang.

As the military junta pressed ahead with efforts to reassert its authority in the north, the United States was reported to have warned the ruling generals that further turmoil and strife could only help the Communists.

Sprawling Saigon remained outwardly calm, but thousands of workers went on strike, slowing down the unloading of vital military cargo in the congested port.

**Charge Treason**  
Urgent meetings continued through the day at the powerful Buddhist Institute, where Buddhist leaders considered their next move in the wake of the government's lightning troop moves against Da Nang.

A Buddhist spokesman and former Cabinet minister, Tran Quang Thuan, repeated Buddhist charges that the Ky government had committed treason and violated its pledge of a political truce until fall elections by sending marines and paratroopers north.

In a special broadcast, Lt. Gen. Nguyen Van Thieu, chief of state, defended the seizure of key military installations in Da Nang as a blow against Communist-infiltrated Buddhist rebels.

**U. S. Troops Keep Out**  
U. S. troops kept cautiously in the background, lest the disturbances again take an anti-American tone. But American officials got orders from President Johnson "to make every effort" to encourage the fading Vietnamese to settle the quarrel before it erupts into wide-scale civil war and brings a total collapse of the war against the Communists.

American diplomats appealed to the Ky government to do everything to prevent such a disaster, sources said.

The political-civil strife completely overshadowed the war effort. Although the Communists made no immediate military moves in the north, there were fears they might strike to take advantage of the disorders.

Ky dismissed Maj. Gen. Ton That Dinh, one of the young military men who took part in the 1963 coup against President Ngo Dinh Diem, after he denounced the secrecy-shrouded predawn airlift to Da Nang in a broadcast from Hue.

**Marine Strike Hits Britain**

LONDON (AP) — Merchant crews on hundreds of ships from tramp steamers to giant liners walked off the job today in a wage strike that could strangle the economy of this island nation.

Prime Minister Harold Wilson, beset with the crisis less than three months after his election victory, reviewed emergency plans to deal with the walkoff by the 65,000-member National Union of Seamen.

In a broadcast to the nation tonight, Wilson is expected to warn Britons against panic buying and hoarding of food.

The full impact of the strike will not be felt immediately. About 300 ships were reported idled in British ports as the strike began at midnight.

# Marvin Larson, Accident Victim, Dies Of Injuries

Marvin R. Larson, 18, of Rte. 1, Ensign, who was critically injured in a two-car crash on U.S. 2 east of Ensign on Saturday, May 7, died at 9:15 a.m. Sunday in St. Francis Hospital.

He had been hospitalized in critical condition with head injuries since the accident.

Larson, driver of a car which collided with a car driven by Merton Hurley, 38, of Albion, Mich., was one of six persons injured in the accident.

Ivan Nedean, 17, Rte. 1, Ensign, who was a passenger in

the Larson car, remained hospitalized today. David Larson, 17, Hurley and his nine-year-old son, Timothy, all have been discharged. Mrs. Hurley was treated for injuries, but not hospitalized.

State Police said the accident happened at 3:05 a.m. about six tenths of a mile east of County Rd. J-1.

Marvin Richard Larson was born in Isabella July 12, 1947. He lived in Isabella all his life.

He graduated from Nahma High School in 1965 and was a member of Bethany Lutheran Church of Isabella.

Survivors include his mother, Mrs. Ansel Larson; three brothers, Miron, Gary and David, all at home; two sisters, Mrs. David (Evelyn) Olson of Chicago and Mrs. Elroy (Shirley) Palmgren of Bark River; and his maternal grandmother, Mrs. Della Combre of Isabella.

Friends may call at the Anderson Funeral Home in Escanaba from 4 to 9:30 p.m. Tuesday. The body will be removed at 12:30 p.m. Wednesday to the Bethany Lutheran Church in Isabella where services will be conducted at 1:30 p.m. with Rev. Ingemar Levine officiating. Burial will be in Moss Lake Cemetery.

## Death Claims Horace Provo

Horace C. Provo, 73, of 1201 S. 10th Ave. died at 6:50 a.m. today at St. Francis Hospital where he had been a patient for 10 days. He had been in failing health for the past three months.

Mr. Provo was born April 18, 1893 in Escanaba and had resided here all of his life. He served with the U.S. Army in World War I in the Department of Service Engineers.

He was a member of St. Joseph's Church, former active member of the Rotary Club, charter and life member of the Chamber of Commerce and the American Legion. Mr. Provo was the founder of the Provo Sign Service, retiring in 1953.

He is survived by his widow, the former Ruby M. Manning; two daughters, Mrs. Donald (Marcella) Pfothenauer of Gladstone, Mrs. George (Bonnie) Comiskey of Golf, Ill., and eight grandchildren.

Friends may call at the Alto Funeral Home from 3 to 9:30 p.m. Tuesday and parish prayers will be recited at 8 p.m. Tuesday. Funeral services will be conducted at 9 a.m. Wednesday with the Rev. Jordan Telles officiating. Burial will be in Gardens of Rest Cemetery.

Military organizations will meet at the funeral home at 8:30 a.m. Wednesday to conduct military rites.

## Hospitalize 5 After Accident

MANISTIQUE—A car driven by Harold Eugene Archey, 21, of Manistique went out of control on Schoolcraft County Road 442 at 7:45 p.m. Saturday, injuring the driver and four passengers.

Taken to Schoolcraft Memorial Hospital, Manistique were Archey, Mrs. Ellen Graphos, 21, of 308 N. Houghton; David Repp, 21, Peter Orhanen, 20, and Kaye Blowers, 15, all of Manistique.

Archey was ticketed for reckless driving. He had passed a car going into a sharp curve when he lost control. The car rolled over in the ditch on the right side.

## Baldwin Plans Road Election

PERKINS—Baldwin Township electors will vote Monday, May 23, on a proposal asking three mills for five years to provide township share of financing for road construction.

Kenneth Depuydt, township clerk, said the millage, if approved, would provide about \$3,180 each year for five years—a total of about \$26,000. This would be matched by County Road Commission Funds as the ability of the county to match funds allows.

Work would be done by the County Road Commission.

William Karas, road commission superintendent, said the county has about \$40,000 per year available for matching road purposes.

Depuydt and Karas agreed that Baldwin Township roads have deteriorated seriously.

"Some of our roads are nearly impassable," Depuydt said. Balloting on the issue will be at the Baldwin Township Hall. Polls will be open from 7 a.m. to 8 p.m. All qualified electors are eligible to vote on the proposal.

## Two Cottages Are Entered

State Police of the Gladstone Post are investigating breaking and enterings of two camps.

Lenny Clairmont, 720 S. 10th St., Escanaba, told police

blankets were taken from his camp at Bass Lake in Alger County. A cottage south of Rock owned by Mrs. Lillian Bailey, Pontiac, Mich., also was entered, troopers said. An inventory at that camp has not been taken.

## Briefly Told

The Pine Forest Club women's volleyball originally scheduled for Tuesday night has been postponed a week to Tuesday, May 24.

The last meeting of the year of the Ford River PTA will be held May 18 at 8 p.m. Room visitation will begin at 7:30. New officers for 1966-67 will be elected at the meeting. Mrs. William Savard, PTA Council president, will report on the state convention. Lunch will be served.

The Escanaba Assembly No. 640, Fourth Degree Knights of Columbus will hold their May business meeting Wednesday, May 18. The members of the Fourth Degree from the Powers-Spalding area will host the Escanaba Assembly with a dinner to be served at 7:30 p.m. at the John Cory cottage, three miles north of Spalding. Chairman of the event is Gene L. Marcantonio, assisted by Joseph Grondine and Napoleon Betters. Following the dinner, a short business meeting will be held with Faithful Navigator Leo Laviolette, presiding.

## Three Nations Ruled County

Before Michigan became a state, Delta County served under the flags of three nations—France, England and America.

From 1613 until 1760, the Upper Peninsula and Delta County had been a part of New France. At the conclusion of the French and Indian Wars against the British, "New France" was surrendered to England.

England established military rule and governed an uncooperative French and Indian population with harsh and repressive measures leading to mass migrations of the people and finally to the siege of the Forts Michilimackinac, St. Joseph and Detroit. At the conclusion of the American Revolution the peninsula became a part of the Northwest Territory, but it wasn't until 1796 that the British finally did move out and leave the government of the "Territory" to the Americans.

The newly acquired American Territory was yet to serve one more time under English rule as a result of Governor William Hull's surrender of the Territory during the War of 1812. While the United States won that war, the Upper Peninsula was lost until November 14, 1828 when the last British soldiers to leave American soil departed Drummond Island.

As early as 1630 French Explorers and Fur Traders are known to have visited Delta County. In 1679 "The Griffon", a sailing vessel owned by Rene de La Salle made port calls in the Bays de Noc and loaded furs at Washington Island. More than a hundred years would pass and fur would be the chief export product of the area, before fishermen and lumbermen would come to settle the area.

Delta County, established by the legislature in 1843, organized a county government in 1862. The first county board meeting was at Nahma.

First settlements along the rivers and bay shores during the 1830's were made by fishermen and lumbermen. Water-powered sawmills were built on the Escanaba and Whitefish Rivers. Flourishing mill towns developed at Masonville, Nahma, and Ford River before Escanaba was settled.

Discovery of iron ore in 1844 some sixty miles northeast of Little Bay de Noc was followed by the construction of a railroad between the mines and the present site of Escanaba, the building of ore loading docks on the Bay shore, and the settlement of Escanaba in 1863 as the area industrial and transportation center.

## Michigan Week:

# Greet Visiting Officials; Plan Heritage Event

Mayor Dean Eckersley, Michigan Week's ambassador of good will from Mount Pleasant, was guest of honor today at a Government Day luncheon at Mar-

co's where he was presented with gifts from local industries.

Meanwhile Escanaba's Mayor Harold Vanlerberghe, his wife, Rosemary and three of their six children, are in Mount Pleasant as guests of that city in the exchange of mayors.

The Mount Pleasant representatives were greeted by Escanaba city officials this morning at a breakfast at the House

the opportunity for the people of one community to learn about the projects, programs and problems of the others.

Tours of Escanaba's utilities, a view of its lake front with its recreational facilities and its industries, and a visit to some of the major industries of the community were scheduled for the Mount Pleasant visitors today.

Mrs. Eckersley and Mrs. Lynch were entertained at a ladies luncheon by the wives of Escanaba Michigan Week committees and city officials.

Another facet of Government Day was the program arranged under the direction of the Escanaba League of Women Voters. They distributed voters service information in a booklet and prepared to give guided tours in City Halls at Escanaba and Gladstone.

Heritage Day will be observed on Tuesday in Delta County with the formal opening of the Historical Museum in Ludington Park at 2 p.m.

The public is invited to attend the open house from 2 to 5 p.m. Coffee will be served.

Frank Bender Jr., chairman of the Historical Society's museum committee, said that special displays have been arranged in connection with the centennial of the Escanaba Public Schools.

Robert Schmeling, president of the Historical Society, is Heritage Day chairman.

## Dr. D. Fitch Speaks At Pine Ridge PTA

The Pine Ridge PTA held their final meeting of the year, Thursday, May 12, at the school. Room visitation preceded the business meeting.

Officers for 1966-67 were installed by Mrs. Carlton Johnson, past president of the Pine Ridge PTA and a past president of the Escanaba Area PTA Council. Officers are: Mrs. Andre Quaghebeur, president; Mrs. James Nault, vice president; Mrs. Allan Brukardt, treasurer; Mrs. Alfred Johns, secretary.

Retiring officers are: Mrs. Glenn Ahlin, president, Mrs. Andre Quaghebeur, vice president; Mrs. John Guckey, secretary; Mrs. George Wintling, treasurer; Mrs. Richard Steed, council delegate; Mrs. Carlton Johnson, historian; Mrs. Henry Menard and Mrs. Louis Berro, lunch committee.

Members of the PTA extended an appreciative farewell to Mrs. Orville Peterson, 1st and 2nd grade teacher. At the close of this school year, Mrs. Peterson will join her husband, in Washington, D.C., where he is employed with the government. Mr. and Mrs. Peterson will live in Arlington, Va.

Guest speaker at the meeting was Dr. Donald Fitch, Medical Advisor for the Delta County Cancer Society. Dr. Fitch brought the film, "Who Me?" based on smoking and its association with cancer. This film was especially directed to parents that do smoke and its effect on their teen-agers. Dr. Fitch answered questions pertaining to cancer, from the assembled parents.

Lunch was served by Mrs. Louis Berro, Mrs. Andrew Quaghebeur and Mrs. Ernest Klein.

## Romney Hears Complaints

# State Erodes U.P. Taxes

Problems ranging from littering to government financing were aired before Gov. George Romney in Marquette Thursday afternoon.

The state's Chief Executive was here to conduct his Upper Peninsula Conference on Local Government.

Approximately 50 persons from throughout the Upper Peninsula attended the session at University Center, Northern Michigan University.

"The purpose of this conference," Romney said, "is to get your ideas on state programs and to see if we can be helpful on local programs."

Although the Governor suggested four broad topics (traffic safety, crime and delinquency, local government and water pollution), the discussion covered a host of subjects and consumed three hours.

Originally scheduled for May 4, the meeting was postponed because of a conflict in Romney's schedule.

One of the liveliest questions introduced at the informal meeting was posed by Justice of the Peace Elizabeth Jelich of Chocoma Township (Marquette County), who said she had sentenced two youths guilty of littering to clean up a stretch of roadside and wondered if the court would be liable for any injuries that might be incurred while the offenders were collecting trash.

"Good For You" Romney said. "I'm delighted that you applied this new law that you passed that permits this type of penalty."

Hubert Mather, L'Anse, Baraga County prosecuting attorney, said he didn't believe the court would be held liable for injuries that might be sustained by the offenders.

A member of the audience disagreed that compelling litterers to clean up debris was a proper penalty. I don't feel you can solve this problem through public embarrassment," he said.

"I think the gentleman is sadly mistaken," Mather said. "I think it's a healthy approach to the problem."

Another person in the audience said the Houghton County probate judge had imposed the clean-up penalty on juveniles there with good results.

Romney said he would ask an attorney general's opinion on the legality of imposing this type of penalty.

Local Gov't. Financing Mayor Edward Downey of Marquette broached the subject of financing local government.

"Although state aid to local governments has increased in terms of dollars," he said, "many of the increases have been offset by the encroachment of the state on local financing (such as state legislation reducing the hours of employment for firemen and establishing rapid depreciation for industries). We need an analysis of the net gain and loss in state aid."

"Marquette is faced with a situation in which the university contributes to an erosion of our tax base while increasing the demand on local government services (such as policing, fire protection, street maintenance). We're very happy to have the university here, but in expanding it takes property from the tax roll."

"We wonder if it wouldn't be possible to tax a percentage of the self-liquidating projects (dormitories, cafeterias, stores, etc.) of universities."

University Competition "You've got an interesting point there, and I think it's one that deserves careful consideration," Romney said. "But I haven't taken any position on this yet. I'd have to get into it more than I have to respond in any specific way. I think a good deal of the problem arises from the extent to which we rely on the property tax throughout the state. I've recommended alternate sources of taxes for the cities."

Edward Quinnell, Marquette

County prosecuting attorney, said "unfair competition" can result between university facilities and private enterprise. He noted that Northern Michigan University plans to install bowling alleys and that a bowling establishment on the west edge of town is paying \$1,600 a month in real estate taxes.

"I've urged the Legislature to authorize funds for a study to determine what various property tax exemptions are doing to local communities, and it would include the question of what public facilities are doing to erode the local tax base," Romney said.

Frank Gerstenecker, Ishpeming city manager, questioned the method of distribution of revenues from the specific tax on iron ores. "I think this is a good law," he said. "My quarrel is with the manner of distribution." He said most of the tax monies from this legislation go to sparsely populated areas.

Romney noted that the specific tax brought a number of industries to the Marquette Range "that have contributed very heavily to the economic position" of the area.

Drunk Drivers

Walter Long, Ironwood city manager questioned whether cities couldn't share in snow removal funds just as counties do.

"I have," said Long. "We'll look into it," said Romney.

Quinnell questioned the Governor about his stand on proposed stiffer penalties for reckless and drunken drivers.

"This doesn't deal with the real problem," the Governor replied. "The problem is to get evidence that will stand up so we can get more convictions. More than 50 per cent of the traffic fatalities result from accidents involving drinking drivers."

"The best way to deter these accidents is not through penalties but through certainty of apprehension," interjected Major Melvin Goodweather, legal officer at K. I. Sawyer Air Force Base.

"We've been deficient in our State Police force as a result of civil service action reducing the hours of work for troopers, and only with the last graduating class were we able to build back to the same number of patrol hours as we had three and a half years ago."

Quinnell said there was "very few" reductions of charges in drunk driving cases in Marquette County but there is "much leniency" in granting limited temporary licenses to persons who have been convicted of drunk driving. This, he said, is because of a lack of public transportation in this area, imposing a hardship on workers who have had their licenses revoked.

He endorsed the expressed or implied consent proposals, saying they would facilitate taking blood samples for drunk driving tests.

Dr. Maniaci Heard

Dr. George Maniaci, Gladstone physician, told Romney that Newberry State Hospital was the only facility in Michigan in which the mentally ill are housed together with retarded children. Two doctors and six nurses serve the 550 retarded inmates, while 11 doctors and 20 nurses attend to the 800 mentally ill at Newberry, Maniaci said.

"We think it's time that the children's unit at Newberry should have a separate director," he stated.

Only a small amount of time was devoted to discussion of water pollution, but the Governor expressed concern in this area.

"Your Upper Peninsula legislators succeeded in getting iron ore plants exempted from the water pollution act, and I'm not so sure that's a good idea in the long run."

# Women's Activities

GIRL SCOUT cadettes from troops 2 and 4 of Escanaba were received into Senior Girl Scout troop 24 in traditional capping ceremonies Sunday at 7:30 p.m. in the V.F.W. Hall. The program included the opening flag ceremony and a dramatic skit. Pictured from left are: Mrs. Clifford Mineau, Barbara Schmitt, Laurel Weiland, Joan McDonnell, Gladys Williams, Maureen Richards, Ann Schmidt, Diane Rose, Pat McMonagle and Katie Prininski. ## Girl Scout Ceremony Is Held Sunday

The Girl Scout program, from Brownie Scouting through Senior Scouting, is based on six foundation elements: The Promise and Laws, Service, Troop Management, Citizenship, International Friendship, Health and Safety. These elements are carried out in three activity fields — the arts, the home, and the out-of-doors. As the girls progress through this program, activities are geared to the age levels — both interests and abilities.

The ceremony Sunday evening at the VFW Hall, represented two of these age levels, the Cadettes and the Seniors, merging. As the girls leave the Cadette program (7th to 9th grade) they will be carrying with them the skills and interests they have developed for three years and adapting them to the Senior program.

The Senior troop is a Panorama troop which has chosen not to major in one of the eight interest fields of Senior Scouting, but to explore all of them. The patrols within this troop are also Panorama patrols, all with the emphasis on service — to pursue.

The Cadettes, through the Badge program which offers learning opportunities in their chosen interest fields, have already sampled some of these interests and the fact that they have received the badge shows that they are not only proficient in this interest but are able to share it with others.

The Challenge program of the Cadette Scouts presents to them real-life situations that test their abilities and serves as a link to the Senior program.

There are four challenges, social dependability, emergency preparedness, active citizenship and the Girl Scout Promise.

To earn them all could take two of the three years of Cadette Scouting. This is a choice however and not a requirement for Senior Scouting, in fact new girls are welcome at all four age levels and the only requirement to be a Girl Scout is to accept the Promise and Laws, pay the national membership dues and attend four meetings before registering.

## St. Thomas HS Meets Tuesday

# Powers-Spalding Board Favors 3 High Schools

**POWERS** — The Powers-Spalding Board of Education plans to submit a reorganization proposal for northern Menominee County school districts.

The proposal would call for reorganization of Carney-Nadeau, Powers-Spalding, Hermansville and, if possible, Bark River-Harris into a single high school district.

It is the feeling of the Board that there should be a high school district in the northern end of Menominee County as well as in the central and southern sections. If Menominee County was limited to two school districts, with high schools located at Stephenson and Menominee, some students would be riding school buses as far as 120 miles each day, the Board said in a statement. These students as well as

their parents would find it extremely difficult to participate in school activities, according to the board.

A high school district composed of Carney-Nadeau, Hermansville and Powers-Spalding would have an approximate membership of 1,130 in grades K-12. About 340 students would attend the high school.

If Bark River-Harris were included later, the approximate K-12 membership would be 1,820 with about 485 in grades 9-12. A proposal to join Bark River-Harris with the Escanaba area district will be voted on July 25.

If the three school districts were combined, the State equalized valuation would be about \$9.5 million. Valuation would increase to about \$13 million, if Bark River-Harris were included.

In most reorganizations, elementary schools are located in the participating districts, with a centrally located high school to serve the entire area. A high school with an enrollment of 340 would be able to offer a broad, comprehensive curriculum. It could also offer a wide-range of extra-curricular activities.

Other services might include a program for mentally and physically handicapped, speech correction and increased guidance and counseling.

The State Committee on Reorganization has requested the three school districts (Carney-Nadeau, Hermansville and Powers-Spalding) to submit to the county reorganization committee by May 18 reorganization plans expressing the sentiments of the individual districts. Failure to comply with this deadline will result in the state committee submitting a plan of its own.

The Carney-Nadeau school district has already asked to be annexed to the Stephenson district, favoring only two high school districts for the entire county.

The Powers-Spalding Board of Education believes its proposal providing for three high school districts would better serve educational needs of all children in northern Menominee County.

## Adults Blamed In Giving Child Fun Viewpoint

**BALTIMORE, Md. (AP)** — The president of the National Congress of Parents and Teachers said today that adults must blame themselves for giving adolescents too much power and not enough responsibility.

"It is we who have led many of them to believe — or pretend — that everything in life is or should be fun," Jennelle Moorhead said in her prepared keynote address to the P-T-A's 70th annual convention.

"It is we who have invited our young people to dwell for seven years or so in an unreal and hence unwholesome world of their own, a world that too often has little relation to the adult world."

"Parents and teachers, in our effort to be permissive, have too often been submissive," Mrs. Moorhead, of Eugene, Ore., told the convention that there is another end of the spectrum.

"We have thousands of able, responsible youngsters being pressured to make high grades so that they can qualify for college, and to maintain those grades in order to stay there," she said.

"I would be the last person to deny superior academic achievement, but I would be remiss not to cry out against the exaggerated importance today attached to grades as grades, as distinguished from the true purpose of education."

About 2,000 delegates representing 6,000 P-T-A's throughout the country and in American schools overseas are attending the four-day meeting which began Sunday with a vespers service.

## County Bills Up This Week

**LANSING (AP)** — County home rule and apportionment of county boards of supervisors are scheduled for House action this week as most legislative committees work toward final deadlines.

Growing feeling last week was that some sort of home rule legislation would be passed, but there were doubts it would be as flexible as Gov. George Romney wants.

Approval is expected for one-man, one-vote districting of county supervisors, but it apparently won't take effect until 1968.

Spending committees have until June 8 to work out their versions of the state budget, currently pending at a level of \$1.019 billion but expected to be pared below one billion.

Sen. John Bowman, D-Roseville, noting auto sales drops for the first ten days of May, warned in a Senate speech Friday, "perhaps we shouldn't run around for the next two weeks with blinders on about appropriations."

"I for one do not want to see the Legislature in a position next year where we cannot meet our present obligations," Sen. Edward Robinson, D-Deerborn, a member of the appropriations committee, retorted that "we ought not be skittish over one 10-day sales report."

## College Medical Experts To Speak At Local Program

Local doctors and those from surrounding cities will participate Tuesday in a postgraduate medical education program presented in Escanaba by the Michigan State Medical Society.

David G. Dickinson, M.D., University of Michigan School of Medicine, and George E. LaCroix, M.D., Wayne State University, are featured speakers.

The program will begin at 4:30 with a clinic at St. Francis Hospital, followed by a dinner and two lectures at the Terrace.

Dr. Dickinson, a professor of pediatrics, will discuss "The Management of Respiratory Emergencies in Infants and Children." Dr. LaCroix, an associate professor of obstetrics and gynecology, will talk about "Abnormal Labor: Diagnosis and Management."

Dr. George D. Maniaci, Gladstone, is the local chairman.

## State Mayors In Exchanges Today

**DETROIT (AP)** — Today is the first working day of Michigan Week, which began Sunday. But most of the state's mayors won't be on the job at their regular offices.

They'll be poking their noses into each other's business as part of the annual Michigan Mayors and municipal leaders throughout the state will swap jobs to see how things are done in other cities.

Detroit's Mayor Jerome Cavanagh will travel to the Lake Michigan resort town of Saugatuck to speak at Village Hall. Saugatuck's Village President Lynn McCray will be touring Cavanagh's Detroit office and the Common Council.

Throughout the state programs will be devoted to discussions on all levels of government, local, state and federal.

## Master Angler Awards Made

Northern Michigan Master Angler Awards went this week to four fishermen who landed rainbow trout and one who caught a walleye.

Recipients were James Abramson, 808 N. 20th St., Escanaba, who caught a six-pound, eight-ounce rainbow in the Laughing Whitefish River; James A. Anderson, 1010 Minnesota Ave., Gladstone, who caught a five-pound, eight-ounce rainbow in Lake Superior; Paul Yusko, 1807 Fitch St., Marquette, who caught a five-pound, eight-ounce rainbow in the Little Garlic River; Kevin Poppo, 232 Blenheim Ave., Marquette, who caught a five-pound, six-ounce rainbow in the Ontonagon River; and Marcus Arnette, 941 Sherman St., Marquette, who caught a nine-pound walleye in the Big Garlic River.

## Powers-Spalding

Forester members who attended the W. C. O. F. Cleveland Association Convention in Munising on Wednesday, May 1 were Mrs. Napoleon Betters, Mrs. Elizabeth Shannon, Mrs. Libby LaCount, Mrs. Robert Wheeler and Mrs. Julia Kass.

## Altar Society

The St. Ann Altar Society met at the St. Francis Xavier parish hall on Monday evening, for their regular monthly business meeting. The immaculate Conception Circle is in charge of church cleaning for the month of May. They also served refreshments during the social hour.

Mrs. Julia Kass who attended the M. D. C. C. W. Convention in Marquette gave a complete report of all the happenings there.

Jerome Albright, superintendent of the Powers-Spalding Public High School was guest speaker for the meeting. He urged everyone to get out and vote at the Public School election on June 13. He told of his trip to see Vice President Hubert Humphrey at Marquette on Monday.

Albright spoke on the proposed budget and income for 1966-67 and the public opinion poll and the final approval of the summer projects, "Headstart" for pre-schoolers and the language and arts projects which will include approximately 64 children.

## Holy Name Men

The Holy Name Men held their business meeting on Monday evening at the parish hall. They discussed the final preparations for the Holy Name breakfast on June 12. Committee members are Napoleon Betters, Gene Marcantonio and Joseph Grondine. On the nominating committee for new officers are Robert Smith and Oliver Gagne. A special program is planned for the June meeting which will be their final meet until fall.

The two societies and Father Walter Franczek joined to hear Mr. Albright speak.

## FHA Meeting

Each member will be presented with a red rose symbolizing F.H.A. Girls attending the convention in Grand Rapids were: Linda LeBoeuf, Karen Veraghen, Joyce Kinschner, Mary Behrend. They each will give a report on activities there. Lunch will be served and the public is invited.

## Women Injured In 5-Car Crash

Five persons were injured in traffic accidents in Escanaba over the weekend, including a crash that involved five cars at 10th and Ludington Sts. Sunday afternoon.

Escanaba police reported that the cause of the five-car smash-up was an automobile driven by Louis W. Van Elsecker, 22, of 2018 12th Ave. N., who officers said ran a red light at the intersection. He was ticketed for failing to yield the right of way.

The injured and their conditions are:

Mary Louise Picard, 75, Escanaba Rte. 1, lacerations and bruises to the left temple. Condition fair.

Regina Germaine, 78, lacerations and bruises of the face, possible rib and shoulder fractures. Condition good.

Mrs. Anna Fillion, 73, 322 N. 13th St., injured left shoulder. Condition fair.

Corinne Wunder, 15, injured right leg. Condition fair.

Bonnie Ann Carey, 19, Escanaba Rte. 1, bruised right elbow. She was treated and released from St. Francis Hospital.

Police reported that Van Elsecker's car went through the red light and hit in the side of a car driven by Mrs. Picard, which was going north on 10th St.

Other cars driven by Bonnie Carey, Mark S. Bonno of N. 9th St., Gladstone, and Gary St. Cyr, 316 S. 5th St., had stopped for the light at the intersection. They were involved when the colliding cars careened after the impact.

In another accident in the 2200 block, Ludington St., at 2:06 a.m. Sunday, John Clairmont, 25, of Cornell Rte. 1, suffered a cut mouth. He was a passenger in a car driven by Dale F. Sarasin, 18, of Cornell Rte. 1, who was ticketed for improper lane usage.

The other car was driven by Harold G. Peterson, 632 N. 19th St. A panel truck, owned by Earl Benjamin, Escanaba, was struck in the accident and caught fire. Firemen were summoned to extinguish the blaze.

Traffic court summonses were issued by city police to Irene Cripps, Gladstone Rte. 1, failing to stop in the assured clear distance; Richard P. Milkiewicz, 306 Stephenson, Dale J. Thibodeau, 1014 1/2 2nd Ave. S., both for speeding; Richard L. Menard, 316 N. 21st St., failing to stop for a crosswalk; and Edith C. Bolm, 216 S. 17th St., backing into traffic.

## Weekend Traffic Kills 14 In State

**By The Associated Press**

A two-car collision near Belleville Sunday claimed two lives, boosting the state's weekend traffic toll to 14.

The Associated Press count began at 6:00 p.m. Friday and ended at midnight Sunday.

State Police said Ruth Minnie Garlick, 24, of Willis, was driving on the wrong side of Belleville Road near I-94 in Van Buren Township, Wayne County. They said her car collided with an auto driven by Roscoe H. Brown, 58, of Belleville.

Both drivers were dead at the scene.

## Briefly Told

George Hens, 1719 3rd Ave. N., reported to police that his car was stolen Sunday morning. The car was recovered later in the day.

## Hospital

Cliff Perras, Nadeau, secretary-manager of the U.P. State Fair, is reported today in fairly good condition at St. Francis Hospital. He entered the hospital Friday night for examination.

## Griffin Takes Office Today

**WASHINGTON (AP)** — Robert P. Griffin today becomes Michigan's first Republican senator since 1958.

Ceremonies were scheduled for Griffin to be sworn into the office, succeeding the late Sen. Patrick V. McNamara, Michigan Democrat.

Griffin, first Republican in the state's Senate delegation since Charles S. Potter, was appointed to the vacancy by Gov. George Romney.

"We have one room now just a little bit larger than a broom closet," Griffin said from his House office where he has spent five terms. "It's going to take a lot of doing to get reorganized and it will be a gradual process."

Griffin, who arrived in Washington from Michigan Saturday night, said he expected to get more space but so far had been allocated only one room in the new Senate Office Building. McNamara's offices still are open and can remain so for a 30-day period.

Ten members of his family were to be on hand for the special ceremonies when he is sworn in as a member of the Senate.

These include his wife and their four children, along with his parents, Mr. and Mrs. J. A. Griffin of Pontiac; one sister Mrs. William Foster of Pontiac, and two brothers, Eugene Griffin of Pontiac and Gerald Griffin of Midland.

## 40,000 Michigan College Youths Take Draft Test

**By The Associated Press**

An estimated 40,000 college students in Michigan during the weekend sought to protect their draft-deferred status, taking aptitude tests for their selective service boards to analyze.

In some cases, opponents of the testing program picketed or handed out leaflets, but no incidents were reported except a momentary scuffle at Wayne State University which Detroit police broke up without making arrests.

Other exams will be held May 21, June 3 and June 24.

Test sites at the University of Michigan in Ann Arbor and at U-M's Flint branch drew about a dozen pickets each Saturday. A minister and a sociology professor demonstrated in Flint.

Test scores will be sent to the student's draft boards, which will consider them in deciding whether to induct the students.

## Phi Delta Club

**MARQUETTE** — Upper Peninsula members of Phi Delta Kappa, an international professional fraternity for men, have organized a Phi Delta Kappa Club as the first step toward the establishment of a chapter in the U. P. Approximately 50 Phi Delta Kappa members are on the faculties of Northern Michigan University, Michigan Tech and the area public schools.

# Milt Gains More Ground On Robinson By Chalking Up Third Victory In Row

By The Associated Press

Milt Pappas spotted Frank Robinson 400 points, but he's not worried. He figures he has until 1968 to catch up.

Actually, at his present pace, Pappas won't need that much time to pull even with Robinson. The Cincinnati pitcher sliced another chunk off the Baltimore slugger's lead Sunday, gaining his third straight complete-game victory as the Reds whipped Chicago 9-2.

Pappas and Robinson were the primary players in the winter deal between the Reds and the Orioles, and everyone conceded the better of the trade to Baltimore when Robinson was hitting .400 before Pappas even had won a game for Cincinnati.

But now the 27-year-old right-hander has won three games in 10 days, and he's helped pull the Reds to within three games of .500 after they had been eight games under.

Pappas, however, isn't interested in discussing the merits of the trade.

"It'll take three years before

anyone can decide what's what in a deal like this," he said Sunday. But he added:

"The Reds got me to pitch, and I can do that. What happens with Robinson and the Orioles, I have no concern."

Elsewhere in the National League, New York whipped San Francisco 6-1. Los Angeles trimmed Pittsburgh 3-1. Philadelphia stopped Houston 5-2, and St. Louis downed Atlanta 3-3.

Pappas received solid support from Pete Rose, who rapped three hits, including a three-run double in the fourth inning. Deron Johnson, Don Pavletich and Art Shamsky contributed homers to the Reds' attack while Ron Santo connected for the Cubs.

Rod Gardner stopped San Francisco on four hits, one of them Jim Hart's homer. Ron Hunt triggered two New York rallies, singling and scoring in the first and singling at the start of a four-run outburst in the third.

Don Sutton and Phil Regan

combined for a six-hitter over Pittsburgh. John Roseboro and Maury Wills each tripled in a run, and Wills scored on Willie Davis' single.

Philadelphia defeated Houston as Harvey Kuenn singled in the sixth inning and scored the tying run, then singled across the lead run in the seventh. Cookie Rojas added a two-run double in the eighth, insuring Larry Jackson's first victory as a Phillie.

The Cardinals scored two runs in the third inning with the help of Joe Torre's error and went on to defeat Atlanta. Torre dropped Frank Bolling's throw at the plate, allowing Orlando Cepeda to score and Tim McCarver to reach third from where he came across on Julian Javier's sacrifice fly.

# Lee Stange Clips Oriole Wings As Indians Split

By The Associated Press

The Cleveland Indians have a starting pitcher for every day of the week. One of them, however, is strictly for the Birds.

Lee Stange, an odd man in Cleveland's powerful pitching rotation, made his first start of the season Sunday and clipped the Baltimore Orioles' wings for the 11th time in 13 lifetime decisions as the Indians salvaged the second game of a doubleheader 2-1.

## Army Football Has New Look

WEST POINT, N.Y. (AP) — New is the name for Army football — new coach, new quarterbacks, new running star, and a pair of new pass receiving aces.

The Cadets showed their newness, and some of the rawness that goes with it, Saturday night in the annual intrasquad game that climaxes spring practice. Watching from the pressbox roof was Tom Cahill, ending his third full day as Army football coach.

Cahill, West Point freshman coach and the man in charge since Paul Dietzel suddenly departed for South Carolina five weeks ago, was settled on for the head job only Wednesday night.

Saturday night's brightest star was Carl Woessner, a slashing, shifty 200-pound tailback, strong and fast. As a sophomore flanker last fall, he did not carry the ball.

"He was wasted out there," Cahill said.

Two plebes, Jim O'Toole and Steve Lindell, were opposing quarterbacks, switching sides at halftime. Both did a lot of throwing and Lindell kicked two field goals for the Blacks, who beat the Golds 13-9.

"I wouldn't pick one over the other right now, but they're our quarterbacks," Cahill said. "They'll make sophomore mistakes, but the only way they'll develop is by playing."

The two primary targets were Gary Steele, a 6-foot-5, 215-pound plebe, and Bob Szigethy, a sophomore converted to end from quarterback. Steele, who will be Army's first Negro varsity football player, is rated the No. 1 prospect up from the freshman team.

## Yesterday's Stars

By The Associated Press

PITCHING—Rob Gardner, New York, pitched a four-hitter as the Mets whipped San Francisco 6-1.

BATTING—Pete Rose, Cincinnati, rapped three hits, including a three-run double, as the Reds crushed the Chicago Cubs 9-2.

The Orioles took the 13-inning opener 1-0, ending a four-game skid, before Stange's complete-game victory gave Cleveland a 3-1 edge in the weekend series and reestablished the Indians' two-game American League lead.

Although blessed with a staff of seven qualified starters at the start of the season, Manager Birdie Tebbets has been able to give only four of them steady work. The brilliance of Sam McDowell, Sonny Siebert, Luis Tiant and Gary Bell—top men on the totem pole—kept Stange, Jack Kralick and John O'Donoghue in cold storage.

Stange, in fact, had pitched a total of two-thirds of an inning in three relief appearances—two against Baltimore—before Tebbets called on him Sunday.

The 29-year-old right-hander proved as effective as ever against the Orioles, setting them down in one hour and 51 minutes—second fastest game in the majors this year. He scat-

tered eight hits, walked none and struck out four.

Stange, acquired from Minnesota in the Jim Grant deal two years ago, was 3-0 against Baltimore last season, with two four-hit shutouts and a 1.62 earned run average in 39 1-3 innings. Over-all, he was 8-4 with a 3.34 ERA.

Elsewhere Sunday, the New York Yankees swept a doubleheader from Kansas City 5-2 and 3-1; Detroit outscored Chicago 8-6; Minnesota slugged Washington 6-2 and Boston snapped a six-game losing string by trimming California 6-3 after the Angels took the first game of the doubleheader 5-4.

Stange outpitched previously unbeaten Dave McNally, now 3-1, in the nightcap at Cleveland. The Indians snapped a 1-1 tie in the sixth inning when Dick Howser singled, sped to third on Leon Wagner's single and scored as Fred Whitfield forced Wagner at second.

The Orioles broke up a scoreless duel in the first game on Russ Snyder's leadoff single in the 13th, a sacrifice and Brooks Robinson's RBI single. John Miller, Stu Miller and winner Eddie Watt combined to blank Cleveland.

Al Downing, Bob Friend and Pete Ramos pitched the Yankees to their fifth and sixth victories against two losses since Ralph Houk's managerial return. Ramos bailed Downing out of a ninth inning jam in the first game and protected Friend's first AL victory with 2 2-3 innings of shutout relief in the second.

Roger Maris and Bobby Richardson paced New York's 13-hit attack in the opener with three hits apiece. Two unearned runs in the first inning—result of a throwing error by KC third

baseman Wayne Causey—proved the difference in the nightcap. Ex-Yankees Rolie Sheldon and Ralph Terry were the losing pitchers.

Willie Horton drilled a single double and triple, and Al Kaline also had three hits, leading the Tigers past Chicago. Errors by White Sox reliever Eddie Fisher and first baseman Bill Skowron contributed to the last three Detroit runs. Skowron and Gene Friesse homered for the Sox.

The Twins came from behind to whip Washington, with Bernie Allen's two-run double in the fourth inning the key blow. Homers by Bob Allison and Zoilo Versalles helped pitcher Jim Perry record his first victory.

California erased a 3-2 Boston lead in the seventh inning of the opener on Ed Kirkpatrick's two-run homer and a run-scoring single by Rick Reichardt. The Red Sox pulled out of their tailspin in the second game as Jose Santiago—with a ninth inning assist from Dick Radatz—checked the Angels while Rico Petrocelli delivered two runs with a homer and sacrifice fly.

# Two Champs Defend Titles This Saturday

By The Associated Press

Cassius Clay will give London its first heavyweight title fight in 58 years and Jose Torres will risk his light heavyweight crown at Shea Stadium in New York Saturday, all within the space of about five hours.

Clay is rated a 5½-1 favorite to add Henry Cooper, the English champion, to his list of victims in a 15-round match expected to draw a sellout crowd of 46,000 to the open air Arsenal Stadium.

Clay, deeply involved in problems with his draft board at home, has been a subdued figure in London compared to the glibly confident fighter who fought Cooper there in 1963. Cooper knocked Clay down in the fourth round of that fight but was stopped in the next round on cuts. That was before Clay won the title.

The Clay-Cooper bout will be beamed live around the world by the Early Bird Satellite. It will be seen in the United States on the American Broadcasting Co.'s Wide World of Sports program from 5 p.m. to 6:30 p.m. EDT. It will be carried on closed circuit TV in Europe to some 40,000 fans.

Torres, making the first defense of the crown he won from Willie Pastrano March 30, 1965, takes on Wayne Thornton of Fresno, Calif., the No. 1 challenger, at the home of the New York Mets.

The lightweight scrap, also scheduled for 15 rounds,

will be carried on a special live home television network, with the New York area blacked out. A New York station, WPIX, is lining up the special network for the bout due to start at 10:30 p.m. EDT.

Clay reportedly has been guaranteed \$280,000 and Cooper \$112,000 for their London fight, with extra cash from the ancillary rights. It will be the fourth defense by the 24-year-old former Olympic champ who last risked his title in Toronto March 29 when he outpointed George Chuvalo of Canada.

Long May It Wave... O'er the Land of the Free and the HOMES of the Brave!

FLY THIS FLAG SET ON YOUR HOME...

ARMED FORCES DAY, SATURDAY, MAY 21,  
OFFERED AT COST, AS A PUBLIC SERVICE

We believe every home in town should fly the flag on national holidays. We also believe more homes would fly the flag if more people knew where to get one. Failure to fly the flag, it has been found, is not due to any lack of patriotism on the part of Americans who love Old Glory as much today as Americans did when the Spirit of '76 was first born. Because of this we make this fine flag set available as a public service at our cost. The set is top quality through and through. It meets every standard the government sets for a flag of this type. In addition, the stripes are double stitched, a hallmark of flag quality usually found only at higher prices. We include with the big 3 x 5-foot flag... all the equipment necessary for rigging according to the rules of flag etiquette. These flags are available to all... with no other requirement than that you pay our basic cost... and fly one on your home on holidays. We also include, for the convenience of those who cannot come in for flag sets, an order form which will bring a set to you by parcel post, if you wish. Fly the flag on important national holidays to come... and especially on the Birthday of American Independence July 4th. The stars and stripes on your home show the world that the Spirit of '76 is as warm in American hearts today as it was at its birth on the first 4th of July... nearly 200 years gone by.

# Gophers Defeat U-M Mound Star

By The Associated Press

Michigan, showing late-season weaknesses, meets arch-rival Michigan State in the next Big Ten baseball game for both squads.

The Spartans, who won a doubleheader against Iowa Saturday, and the Wolverines, who split a pair, will play three games next weekend.

MSU defeated the Hawkeyes 4-2 and 1-0, putting them solidly in fourth place in the conference, one point behind Michigan. Minnesota beat the Wolverines 5-4 in the first game but Michigan handed the Gophers their first conference loss in the nightcap, 1-0.

Meanwhile, powerful Western Michigan ran its season record to 16 victories and two losses by wallowing Notre Dame 10-5.

Only other weekend baseball contest was Central Michigan's doubleheader loss to Northern Illinois, 2-0 and 7-5.

MSU opened its game at Iowa City with two runs in the first inning. One of the hits was by John Frye, who drove in a run and scored in the eighth inning after he had tripled.

In the nightcap, Dick Kenney hauled his fifth straight victory. The Spartans got their run on an error.

Bob Reed took the loss for Michigan in the opening game at Minneapolis, putting his record at 6-2.

It took 13 innings for the Gophers to win. Steve Schneider drove in Ron Roalstad for the winning run in the 12th with a single to center.

In the nightcap, Allan Bara led off the third inning with a single. Rick Sygar got to first on an error and the runners went to second and third on pitcher Jim Lyyjnen's ground out. Bara was tagged out trying to score on a fielder's choice, but Sygar advanced to

third and scored on Ted Sizemore's single.

Western Michigan got a run in the fifth inning to lead the Irish 5-3. But Notre Dame came back with two runs in the sixth.

Then reliever Eric Hall went to the mound and held the Irish scoreless the remainder of the game. The Broncos won it with five runs in the eighth inning.

## Inland Steel Head Speaks

## Pay-Price-Curb Called Treat To U.S. Economy

CHICAGO — Joseph L. Block, chairman of Inland Steel Co., today charged that the application of wage-price guidelines to individual industries and firms is "incompatible with our free enterprise system and can cause great injustices to the parties concerned."

He called on government and the steel industry to stop playing the role of "adversaries" and assume their proper roles of "natural partners." Government must lead in securing a healthy economy, Block said, and "steel and other industries must cooperate in a spirit of mutual respect and understanding."

The chief executive of the Chicago-based steel producer addressed the Steel Service Center Institute.

Block termed the situation in pricing policy "serious and disturbing." Steel has served as the government's favorite "whipping boy," he said, with major "confrontations" growing out of increases no larger than two tenths of one per cent of the price of all steel products.

Block noted: "Prices should be controlled solely by supply and demand, by the free interplay of the forces of the market place. Government's attack on inflation should be through the exercise of proper monetary and fiscal policies," he said.

**Public Works**  
"Federal expenditures, such as public works, should be postponed, money tightened, and taxes raised. Indeed the recent increases in interest rates and taxes seem to be biting in and may do the job."

"But if this is not a big enough dose, there should be more of the same medicine. Businessmen who advocated tax cuts to stimulate the economy should have the courage to speak up for tax increases if they are needed to combat inflation."

The wage-price guideposts are misused, Block said, when applied to specific industries and individual firms.

The theory of the guideposts, promulgated by the President's Council of Economic Advisors in 1962, holds that, if the average increase in all employment costs is no higher than the average increase in production per man-hour, prices need not be raised and the fruits of increased productivity will be shared proportionately between labor, owners and others concerned.

**Out Of Classroom**  
"As a theory in pure classroom economics, it is probably correct," Block said. "But once it leaves the classroom, once it becomes dogma and not a background reference, the troubles begin."

Application of the guideposts in specific situations has been discriminatory, Block said. "A few unions have been obliged to toe the line and get a mere 3.2 per cent increase every year" while others have won guidepost-breaking settlements.

Moreover, the guideposts do not provide for the contribution of the investor, Block said. "The principal causes of increased productivity are new and improved machinery and methods, and these flow from funds supplied by investors who are risking their resources in the expectation of a good return."

"Steel and a few other so-called basic industries are expected to adhere rigidly to the prevailing prices while thousands of others, many concerned with such essential elements of the cost of living as food, clothing and shelter, go their merry way and raise prices at will."

**Labor Policy**  
This has had the result, Block said, "of maintaining the steel industry in its unenviable position as a profit laggard."

"Despite an all-time record year in production, steel in 1965 earned 9.5 per cent on its net worth, compared with 13.4 per cent for the average of all American industry."

In labor negotiations, which he coupled with pricing policy as the "most critical and worrisome issues" in government-industry relations, Block said the "monopoly" power of the union and the crippling effects of national strikes create a serious dilemma. Those advocating compulsory arbitration of labor negotiations seek a "tidy answer when perhaps there is no such answer which would solve the problem without destroying our freedom," he said.

**Sort Of Insult**  
An alternative to compulsory arbitration is to restrict the power of unions, Block said. "The unions are complete monopolies unfettered by law as to their scope or power," he said.

"Congress could restrict the area of jurisdiction for a particular union, limit the portion of an industry which could be struck at one time or in some other manner curb union monopoly as it has curbed business monopoly."

However, he said, the possibility of such legislation now appears remote. Politicians do not want to antagonize the labor vote and the public is generally apathetic, he said.

Although labor leaders "react to the charge of monopoly as if it were some kind of insult," Block said, "One cannot help but wonder how important labor union would be in an era of compulsory arbitration."

## Tech Researches Cancer In Rats

**HOUGHTON** — Five hundred dollars for rats and rat food? An unusual expenditure unless you happen to be wild about rats or have some other reason for buying them.

The latter is the case with Dr. James D. Spain, head of Michigan Tech's Department of Biological Sciences, and Jack Holland, a Ph.D. candidate studying under Dr. Spain.

The biological sciences department here has a \$12,575 research grant from the American Cancer Society and the rats play an important part in that activity. Holland and Dr. Spain put Azo-dye, a chemical carcinogen — or liver cancer causing-agent — into the rat food, and in 10 to 12 weeks the rats develop liver cancer.

This study is part of a nationwide search for a chemical explanation for what causes liver cells to change from normal metabolism to the abnormal form in which the cell does not

function properly. "We are not looking for cures," Dr. Spain emphasized, "we are looking for causes."

One of Dr. Spain's and Holland's theories is that bile acids have a chemical and physical effect on certain areas of the cell and may disturb important cell functions such as protein production. "But," they said, "this is only a working hypothesis."

### Field Day

**EAST LANSING (AP)** — Farmers who have turned their fields into recreation areas will hold their second annual field day May 22 at Upland Hills Farms near Oxford. The event is sponsored by the Michigan Association of Rural Recreation Enterprises.

## Judge Planning Tougher Policy

**DETROIT (AP)** — Judge James H. Lincoln of Wayne County Juvenile Court says he's taking off his kid gloves in dealing with youths who steal cars.

First offenders, presently ticketed and assigned a hearing date, will be put in the county youth home "at least overnight," Lincoln said.

He said parents of offenders will be hailed into court the next day for a hearing.

Inspiration for harsher action against youth auto thieves came from success of Lincoln's campaign against knife carriers. He started holding juvenile knife carriers in the youth home after a series of stabbings in schools a year ago.

"The word got around the schools that the heat was on," Lincoln said. "The number of juveniles arrested for carrying knives dropped 12 per cent in the first three months, 34 per cent in the next six months and, after one year, is now down 54 per cent."

"This program has had a very distinct impact in the community, and we believe it will have a similar impact in regard to car thefts because the vast majority of car thieves are juveniles."

### In Service

**Marine Pvt. John C. McGuigan**, 19, son of Mr. and Mrs. Bruce McGuigan, Carroll's Corners, is home on leave after completing basic training at Camp Pendleton, Calif. He will leave June 2, for Memphis, Tenn., Marine Aviation base. McGuigan is a 1964 graduate of Holy Name High School and attended Bay de Noc Community College before entering the service Feb. 2.

**Pvt. Harold E. Johnson**, 20, son of Mr. and Mrs. Harry A. Johnson, 830 Sheridan Rd., Escanaba, has completed a radio relay and carrier operation course at the Army Southeastern Signal School, Fort Gordon, Ga. Johnson entered the Army in November 1965. He was graduated from Escanaba Area High School in 1964.

### Lending Closet

**FT. BENNING, Ga. (AP)** — Ft. Benning recently opened a new hospitality house, and one of its features — the lending closet — has become increasingly popular.

For military personnel who arrive before their furniture, the lending closet does out dishes, cutlery, sheets, blankets, glasses and other housekeeping necessities for up to two weeks.

Sally Waak

Jeanne M. Linjala

Her other activities include, class secretary for four years, class plays, forensics and year book staff. Sally Ann Waak, daughter of Mr. and Mrs. Ahti Waak is salutatorian with a grade point average of 95.6 for four years. She was active in newspaper club, class plays, was circulation manager of the year book and Rock Centennial queen. She plans to attend Bay de Noc Community College and major in Secondary education.

## Hermansville HS Honor Students Are Announced

**Margie Phillips** and **Donald Whitens** have been named valedictorian and salutatorian, respectively, of the 1966 graduating class of Hermansville High School. Margie Phillips earned a 3.8969 average and Donald Whitens a 3.7000 average out of a possible 4 points.

Miss Phillips is the daughter of Mrs. Mae Phillips of Hermansville. During her high school years she has participated in the following activities: Class president, Cheerleader, Chorus, Homecoming Court, Student Council secretary-treasurer, Betty Crocker Award, 1966 Yearbook editor.

She is a member of the First Methodist Church of Hermansville, where she is a member of the choir and part time organist. Her future plans include possible schooling for a career in art.

Donald Whitens is the son of Mr. and Mrs. William Whitens of Hermansville. His extracurricular activities have included the following: Student Council Vice President, Student Council President, Wolverine Boys State, Varsity Basketball, Varsity Baseball.

Donald is a member of St. Mary's Church, Hermansville and after graduation he plans to enroll at Bay de Noc Community College.

## Indians Plan Attack On Fort

**MACKINAC CITY (AP)** — The Indians are getting ready to attack Fort Michilimackinac again.

Just as they did in 1763, a band of braves will play Lacrosse outside the fort while their squaws stand around cheering. On a signal, the ball will again be knocked toward the open gates and the Indians will dash after it ... grabbing knives and tomahawks from the squaws en route.

Again, they'll fall on the unsuspecting British soldiers and massacre them, although townspeople taking part in the reenactment hope there won't be any scalping this time.

The original attack was part of a conspiracy by Chief Pontiac. Now that the name Pontiac means a city and automobile and not a name to frighten children with, the 1966 assault on the fort is the idea of the Mackinac City Chamber of Commerce.

George Stenkowski, president of the local chamber, said "nearly everyone in this community is involved. Advance inquiries are way up this year, and we should more than double last year's attendance."

He said the fourth annual reenactment of the massacre will attract up to 25,000 to the straits area.

The state has rebuilt the fort in the exact form and location just south of the Straits of Mackinac which it had in 1763.

## State Allots Road Funds To Cities, Counties

The Department of State Highways has started distributing third quarter motor vehicle highway fund collections to Michigan counties, cities and villages.

All state gasoline and diesel fuel taxes, license plate fees and a small amount of these fees go into the motor vehicle highway fund. Forty-seven per cent of the total goes to the State Highway Department.

Counties in this area will receive:

Delta \$227,288; Dickinson \$174,196; Alger \$114,290; Luce \$100,082; Mackinac \$138,039; Menominee \$234,568; Schoolcraft \$111,378.

Cities and villages and the amounts they are to receive include:

Manistique \$15,807; Menominee \$39,975; Newberry \$9,783; Escanaba \$52,544; Garden \$2,096; Gladstone \$21,670; Iron Mountain \$37,421; Kingsford \$21,626; Chatham \$1,908; Daggett \$2,762; Powers \$2,740; Stephenson \$5,110.

## Well Child Clinic At Hermansville

The well child clinic will be held Wednesday, May 18, from 1 to 3 p.m. in the Hermansville School. Children up to five years of age will receive examinations and immunizations. For an appointment call Mrs. G. Welling at HX 8-2466 or Mrs. I. Sunderland at HX 8-7760.

The clinic is sponsored by the Delta-Menominee District Health Department. Dr. Theodore Bash, is the clinic pediatrician.

## Top Billion Mark

**LANSING (AP)** — Assets of Michigan's state chartered savings and loan associations topped the \$1 billion mark for the first time at the end of last year.

The State Commerce Department, in its annual report on the state's 34 chartered savings and loan associations and 48 branch offices, said total assets were \$1,053,185,274 as of Dec. 31.

This was up \$87.75 million over last year.
